

## TURBO AIR JET made by SMS FAR EAST

Featured in [Max Power](#), [Fast Car](#), [Red Line](#), [REVS](#), [Japanese Performance](#) and [Banzai](#) magazines!!!

**TURBO AIR JET £ 150**

### **TURBO JET (Mercedes Sprinter Van)**

We have fitted a Turbo Jet into a Mercedes Sprinter Van 312 Diesel Turbo. The unit fits in between the air box and rubber air hose towards the two unit. Our unit is to draw more cold air through the turbo unit and to cut the turbo in quicker.

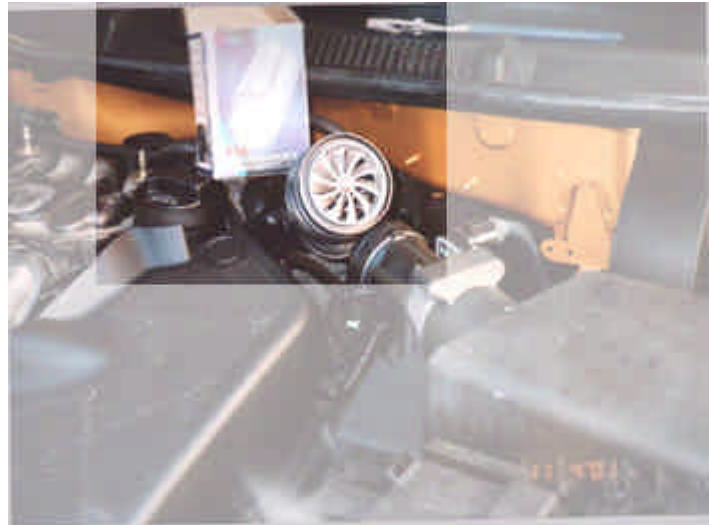

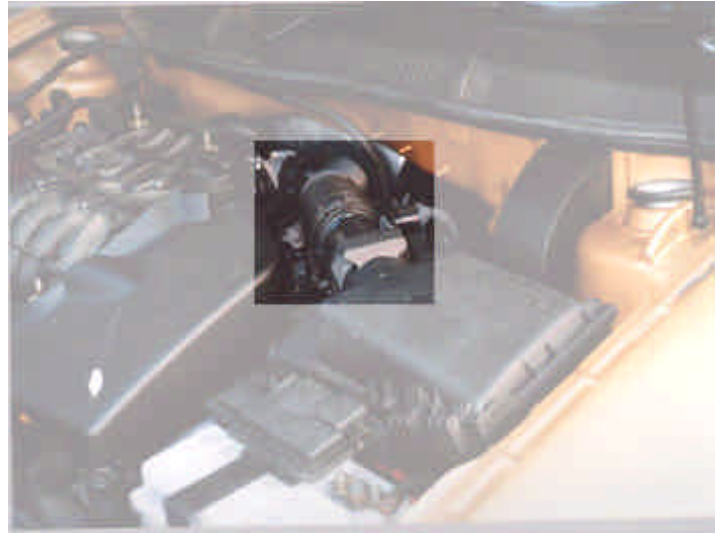

Fitted onto a standard air box

## HONDA CIVIC EK COUPE VTI

Turbo Air Jet inside induction air pipe. Also featured are the Invo water vapour Jet and Invo Stainless steel air filter ( fine mesh).

**AUDI A3** fitted securely with the turbo air jet on a standard air box.

	<p><b>Turbo Air Jet</b></p>	<p><b>Universal Fitment for all vehicles with 3 inch fuel injection system including Diesel car or vans.</b></p> <p>More throttle response if vehicles have fitted induction kits. Product must be sitting securely for the air to flow smoothly into the inlet manifold.</p>	<p><b>150</b></p>
